# SMART, SUSTAINABLE FOOD CONTAINERS FOR ELEVATED STORAGE

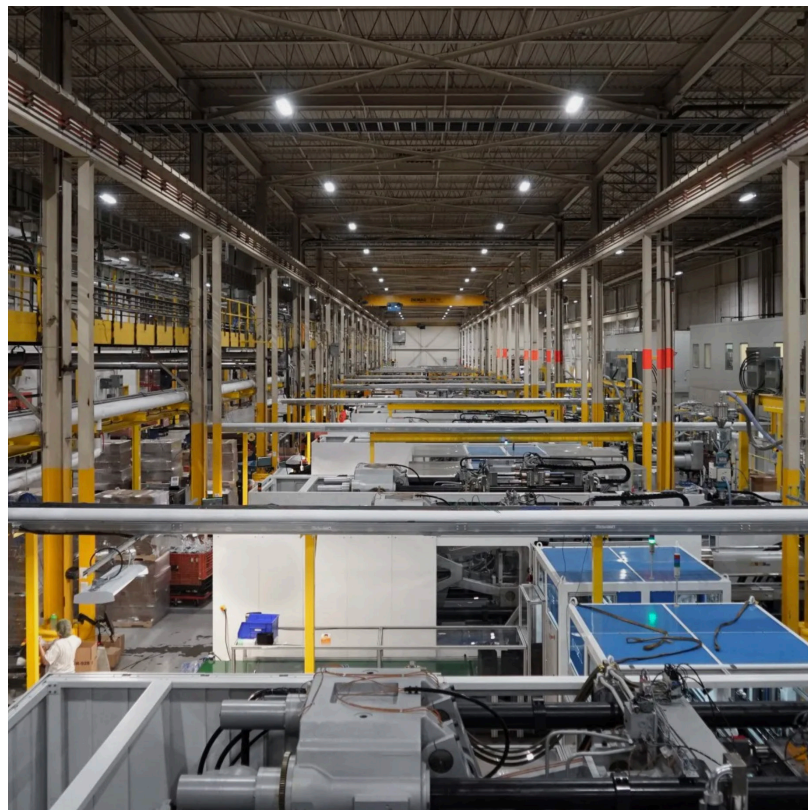

CuBE combines design innovation, engineering excellence, and modern simplicity for smarter products.

Since 2007, CuBE has developed high-quality, environmentally-conscious and ethically-manufactured premium food containers.

Private label options are also available, to bring custom product to your consumer. Private label CuBE containers are available in a range of colour, style and sizing options for customizable branding.

For us, it's not about producing multiple lines of a satisfactory product. It's about creating premium quality products. From freezer to microwave to dishwasher, CuBE's industry-leading reusable and recyclable containers are essentially diverted from landfills.

As manufacturers, we believe it's our responsibility to consider the environmental footprint of our operations and products.
